

DECATUR SHELBY COUNTY YMCA

ANNUAL REPORT 2021

FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

MESSAGE FROM HEATHER

Dear Friends,

It was an honor to serve as the board's Chief Volunteer Officer for the Decatur County Family YMCA for the last two years. I was thankful for the opportunity and to see the mission of the YMCA come to life both inside and outside our walls! If the last two years have taught us anything, it's that our YMCA, is more in tune with the mission of meeting the needs of our community than ever before. Here are a few of the major accomplishments from 2021:

- Our Capital Campaign met its goal of \$3.5million right before the end of 2021. We had a very generous offer to double all the donations that came in during the month of August to help us reach our goal.
- We partnered with the Decatur County Memorial Hospital and the Greensburg Daily News for an Easter Egg Drive Thru in April 2021 where we handed out 461 meals to the children of our community 18 years old and younger.
- We hosted our Annual "Halloween Carnival" outside again in 2021 and even though the weather wasn't the best for the event, we still had over 200 people come out and enjoy the festivities.
- We broke ground for our new expansion which will meet the health and wellness needs of our community with a new expanded wellness center, new group exercise room, family changing locker rooms and an indoor playground for the kids. The Decatur County Memorial Hospital will also have 3000sf dedicated space in our new addition for their wellness and post rehab programs.
- Our new branch, the Shelby County YMCA had its Grand Opening on July 26,2021.
- From July-December 2021 it had 236 youth sport participants, 161 swim lesson participants and has 4,276 members.
- After the Shelby County YMCA opened, we became a new association called the Decatur Shelby County YMCA.
- We were nominated by the Pacers Sports& Entertainment and JAKKS Pacific Toys for their "Season of Giving" in which we gave away over 2000 toys to the children in our community.
- We had a booth at the Decatur County Memorial Hospital's Holiday Event where they had over 372 adults and 404 children come through the event, for a total of 776 participants, 120 more than in 2020!
- Toward the end of 2021, we received a grant to from the United Fund to purchase a mini-bus to use for our feeding program and 21st Century Program.
- Our 21st Century Program served 60 students in 2021. Our number was limited in 2021 due to COVID. Slightly over 89% of the 1st through 5th grade regular participants achieved a C or better in reading from the Fall to Spring semester. Over 95% of the 1st through 5th grade participants achieved a grade C or better in Math from the Fall to Spring semester. Both measurements exceeded the target goal of 70%.
- Our Preschool Program is Paths to Quality, Level 3. Paths to Quality is Indiana's voluntary quality rating and improvement system that includes four levels. Our Preschool Program is happy to be one of just a few Level 3 status locations in the surrounding area!
- Our Annual Campaign raised over \$92,454 to support families and individuals who would otherwise not be able to fully utilize our facility and programs such as, child care, youth programs and memberships.

It has definitely been a busy two years, dealing with a pandemic, breaking ground on our new expansion, opening a sister YMCA branch in Shelby County, but I am excited to see what this board and staff will accomplish as they move forward to in 2022 and beyond!

Sincerely,

Heather Corya

Chief Volunteer Officer

CHANGING LIVES

Depending on what you see her doing, you might think Cricket Snodgrass worked at the YMCA, but in fact, she is one of the best and most humble volunteers that we have here! Cricket has been coming to the YMCA since it opened at our current location in 2000. She had just had a double knee replacement, yes double! When asked, "Cricket, how were you able to walk, after having both knees replaced?" Her reply, "just by putting one foot in front of other."

Cricket started her YMCA journey in the water doing water aerobics in the pool to help with the rehab on her knees. "What about working on her strength and building that back up," you ask? Well in her 37 years at Delta, she had done "just about everything, from lifting brass pans that weighed anywhere from 20-100 pounds to plating and buffing. I couldn't do the plating very well," says Cricket "because my hands are so arthritic and when they asked me to move to buffing, I didn't want to do that, so I decided I was 77 years old, and I was going to retire," Cricket says. Yes, you read that correct, she worked at Delta until she was 77 years old! Of course, looking at her now, you would never realize that she was going to be 90 years old in 2023, and she says she will still be coming to the Y even at 90 years old! "According to my doctor and my kids I am going to live forever, but I don't want to live forever if I can't do for myself" says Cricket.

Cricket attributes her fountain of youth to the YMCA. She is here every Monday, Wednesday and Friday: walking on the track, lifting weights and using the machines in the Wellness Center and teaching a Water Aerobics class from 4:00 pm– 5:00 pm on those days. When you ask her about lifting weights and working out, Cricket laughs and adds, "according to a friend of mine, who was talking with another friend who I recently got started lifting weights, I have some guns"

She is always encouraging people to exercise and promoting the YMCA wherever she goes, whether sitting in the sauna after her water aerobics class talking to members about weight loss and nutrition or delivering meals for Meals on Wheels, an organization she has been a part of for at least 15 years, or working Spirit of Women events. When asked if she considered herself a role model, Cricket says, "I didn't intend to be one, but I guess I am because all of friends want to do what I do and follow me. I have quite the following and I am very social!"

As mentioned earlier, Cricket is one our best and most humble volunteers here at the YMCA. She makes snacks for events when asked, or just because! And we love her homemade "thin mint" cookies! She also supplies the Preschool area with art supplies, stickers and ice packs, or anything else the kids might need throughout the year. She is one of the greatest assets our community has and we are so lucky to have her be part of our YMCA family!

CHANGING LIVES

Dear YMCA Family,

This past year has been hard for everyone in our family. Chanse lost his job at the end of October and then I lost mine a week later. It was hard enough to deal with one job lost, but having to deal with two was awful. We absolutely had no idea what to do or who to turn too for help. That is when the YMCA came to our rescue! Donna Dykes approached me, noting that I was not myself, and told me about the Y's Financial Assistance program. I

Carter Kids

I immediately signed our family up for it, and about a week later, we found out that we would receive 100% financial assistance! Our family could continue to utilize the Y as a family on the weekend, our oldest son, Kyson, could continue to participate in Tae-Kwon-Do classes, and our son, Eastyn, could continue to play Youth Basketball and attend the 5-day all day Preschool program. Even though our world had been turned completely upside down, we could keep some normalcy to it all thanks to the Y's financial assistance program, and their caring staff for noticing that I was not my usual self. The YMCA has helped us pull through some of the hardest times by offering encouraging words, lots of love and many donations. We were actually a recipient of a FREE Thanksgiving dinner that the YMCA offers to members of the community through donations from members and staff and our family was so grateful, to have this special meal given to us this year. Just as things were starting to look up for us, our son Eastyn broke his leg just before Christmas. He was in a cast for 6-weeks and was not able to walk with his cast. We felt like any progress we made, was completely taken away from us with this set back. How would we provide for our kids for Christmas, just a few short weeks away. But once again, the Y came through for us! Donna Dykes mentioned to me that they received a donation from Target called The Great Gifttogether which would provide clothing, essentials and Holiday gifts and they wanted to nominate us as the family to receive this. I was so blown away to be even considered for this. In addition to this donation from Target, the wonderful members of the Y and other anonymous donors, we were able to give our family a wonderful Christmas in spite of everything we had been through over the last few months. The YMCA has truly blessed my boys and our family and we are forever grateful and thankful. We hope to one day be able to give back to someone like they were able to give to us.

~ Samantha and Chanse Carter and family

YOUTH DEVELOPMENT

*27,898
meals
TOTAL*

*11,225
meals for
Summer*

*16,673
meals for
Afterschool*

21st CENTURY

Our 21st Century Program allows qualified children additional care after school which includes recreation time, tutoring and enrichment, while being under the supervision of trained Y staff. Students are also fed a full, well-balanced meal through our year-round feeding program. In 2021, our program served 60 students. Our number was limited in 2021 due to COVID. Slightly over 89% of the 1st through 5th grade regular participants achieved a C or better in reading from the Fall to Spring semester. Over 95% of the 1st through 5th grade participants achieved a C or better in Math from the Fall to Spring semester. Both measurements exceeded the target goal of 70%.

PRESCHOOL/AFTERSCHOOL/CAMP

Our entire child care department is devoted to assisting our community's children in the areas of growth, learning and development, centered in a loving, Christian atmosphere while teaching them educational components and structuring the process based on our core values of honesty, caring, respect and responsibility.

- Our Preschool is a licensed program and has achieved Paths to Quality Level 3 status, out of 4, which we achieved in early 2021.
- In 2021, because of the Annual Campaign, 30 children received child care.

YOUTH DEVELOPMENT

INDIANA YOUTH AND GOVERNMENT (INYaG)

Jessica Williams,
as Lt. Governor
at 2022 Conference

The Indiana YMCA Youth and Government (INYaG) program provides a fun and unique opportunity for youth in grades 7 through 12 to connect with their peers from around the state while learning how to effect change on social and political issues of personal importance to them. Through the program, youth first engage in local delegation meetings where they firm up their understanding of how their governments work. Then, they learn how to make their governments work for them. Along the way, they learn how to effectively investigate and articulate their concerns while being part of decision-making processes. Local activities lead to a day-long regional leadership conference during the fall and a three-day statewide model government conference in February. During the statewide conference, students take over the Indiana Statehouse to apply what they learned during their delegation meetings. The program also creates avenues for youth to apply their developed skills and understandings through real-life advocacy opportunities and national civic engagement opportunities that connect them to their peers around the country. INYaG is ideal for any students who want to improve their abilities to interact with adults and other

youth, understand how to influence governments for effective and peaceful resolution, appreciate the diversity of viewpoints on public issues, demonstrate citizenship responsibilities and leadership roles essential for more accommodating communities, and embrace respect for ideas, beliefs, and the positions of others. During the 2022 conference, our delegation was small, with only three delegates, but they had a lot of success during the three day conference. This year's group included Jessica Williams, who was Lieutenant Governor for the conference. Karigan Acton, who was in the Senate, as well as, being chosen as the incoming Lieutenant Governor for the 2023 Conference. Rounding out our delegates this year was Scotlynn Reinhold, who was in the House of Representatives. Due to time constraints, many of them did not get to present their bills, or have a chance to get their bills sent to Governor's Desk to be passed.

SAFETY AROUND WATER

Safety Around Water has been introduced in more than 2,200 pools across the United States in an effort to teach basic swimming skills, personal safety and safe water principles to children. While drowning is a concern for all children – it's the second leading cause of unintentional injury-related death for children ages one to 14 years old. Thanks in whole to the wonderful sponsorship from KB Specialty Foods and a grant we received in 2020, **we were able to enroll 41 participants in this program!**

YOUTH PROGRAMMING

We are able to offer a variety of classes and leagues geared specifically for our youth in a quest to come alongside parents and help teach basic skills while encouraging positive behavior.

- 16 additional children participated in youth sports with financial assistance from our Annual Campaign drive.

HEALTHY LIVING

EVIDENCE-BASED HEALTH INTERVENTIONS

The YMCA is focused on doing whatever it takes to help reduce the onset of chronic diseases in our community. We strive to increase the overall health and well-being of everyone who walks through our doors. We currently offer many Evidence-Based Health Intervention Programs at our facility like the Blood Pressure Self-Monitoring Program and Diabetes Prevention Program and Delay the Disease: Parkinson's Exercise Program. This program is designed for people living with Parkinson's Disease to help empower those living with the disease by optimizing their physical function and helping to delay the progression of their symptoms.

Delay the Disease: Parkinson's Exercise Program

What happens in class?

- Flexibility - utilizing yoga and dynamic stretching
- Coordination - utilizing stability balls, medicine balls, agility drills, dance, ladder walking and boxing
- Respiratory - yells, cheers and various voice drills
- Cardiovascular - walking, marching, cycling, boxing, rowing
- Balance - standing on one foot, side stepping, tandem standing and walking
- Strength training - using weighted medicine balls, dumbbells, resistance tubes and bodyweight

Changes participants have noticed:

- Improved posture & strength
- Improved balance & walking ability
- Help preventing falls & restore general functional ability
- Improved cardiovascular health
- May also see improvement in memory, sleep, mental health and overall quality of life.

Statistics from class:

- Nine people have been enrolled in this program, but only two people have completed at least a full 12-weeks of the class program to date.
- The two participants that have completed at least 12-weeks of the program decreased their Sit to Stand Score by 50%, decreasing the time it took to complete Five Sit to Stands by 1/2 at the end of the 12-week program.
- Both participants were able to balance on one leg for 30 seconds, which was 10 seconds longer than when they started the program.
- Both participants also decreased their Timed Up and Go score by 3 seconds from when they started the class.

TREE CITY ROLLING TOUR

We held our annual Tree City Rolling Tour at its new spot in June in 2021! It is one of the special events that we do during the year which raises funds for our Annual Campaign. We had 249 riders participate in the event during 2021. This number was back to pre pandemic levels, so we were happy to have the numbers back to where they were, but couldn't complain about the 205 riders we had in 2020! We look forward to this ride every year because it is an integral part of the YMCA's legacy of bringing "programs that build healthy spirit, mind and body for all."

TREE CITY RUN

The Decatur County Family YMCA held its 44th Annual Tree City Run on Saturday, November 20, 2021, we unfortunately didn't top the 71 participants we had in 2020, but we did have 56 runners and walkers join us, which is still more than we had pre-pandemic. We continued our new route which allowed all participants to SEE the TREE! We offered a 5K run or walk or a 10K run.

SOCIAL RESPONSIBILITY

SERVING OUR POPULATION

- **Children/ Youth:** Our YMCA served 6,721 children -- 60% of the total number of people served in 2021. We provide a wide range of activities to foster healthy, productive children including sports leagues, community service projects, and the Youth and Government program. All youth activities incorporate the YMCA Core Values of caring, honesty, respect, and responsibility.
- **Low Income Families:** We are one of the largest providers of affordable child care in the Decatur County community. We offer high-quality child care to working families regardless of their ability to pay.
- **Seniors:** One of the fastest growing segments of our membership are those over 60 years of age. We provide water exercise classes and Silver Sneaker Exercise programs specifically designed to meet the needs of this population. We now accept both Silver Sneakers and RenewActive as insurance providers for our members over 60 years of age.
- **Developmental Services, Inc. (DSI):** Our YMCA recognized the local need for targeted programs for disabled and special need individuals of our community. Therefore, we are proud to offer programs like one-on-one mentoring and financial assistance for memberships. 16 DSI participants received YMCA memberships in 2021 through our financial assistance program.
- **Members of our Community:** During 2021, we participated in a lot of "drive thru" health fairs to distribute health and wellness information to the members of our community and surrounding areas.
- **Other Nonprofit Organizations:** We also provided \$7,048 worth of space at little to no charge for outside clubs, nonprofits and community service organizations to help them face broader community problems without incurring an additional fee for space rental.

COMMUNITY

- **Locally Driven:** Our YMCA is driven by an ongoing assessment of community needs and is controlled by a local board of community volunteers.
- **Contributed Income:** Our YMCA received \$576,174 in support from annual community contributions and grants. This contributed income represented 45% of our total revenue for the year.
- **Volunteer Hours:** In 2021, our YMCA mobilized 277 volunteers to serve the community. These volunteers contributed \$100,551 worth of time to give back.
- **Relieving the Burden of Government:** Our YMCA received \$309,941 in Government Funding, including grants, contracts and vouchers to provide front-line service that relieved the burden for government to provide many of our services.
- **Key Partnerships:** Recognizing the importance of collaborations, our YMCA created key partnerships with the following organizations
 - 21st Century Program,
 - Decatur County Community Foundation,
 - Decatur County Memorial Hospital,
 - Decatur County School Corporations,
 - Decatur County United Fund,
 - Greensburg Community Schools,
 - Major Hospital in Shelbyville,
 - Local Churches,
 - Purdue Extension,
 - Year Round Feeding Program

SERVING TOMORROW

Childhood Obesity: Our YMCA has a longstanding dedication to providing programs and services that build healthy spirit, mind and body for all. We accomplish this through programs like our Year-Round Feeding Program.

Health Crisis: We continue this commitment today by engaging and supporting participants through Evidence-Based Health Programs. We currently have several programs that we are offering, please see page 8 for more information.

ALWAYS GIVING

As a non-profit organization, the YMCA relies heavily on the generous donations from our friends and families of the Y. A couple of those generous donors are outlined below.

**Decatur County United Fund
Decatur County Community Foundation**

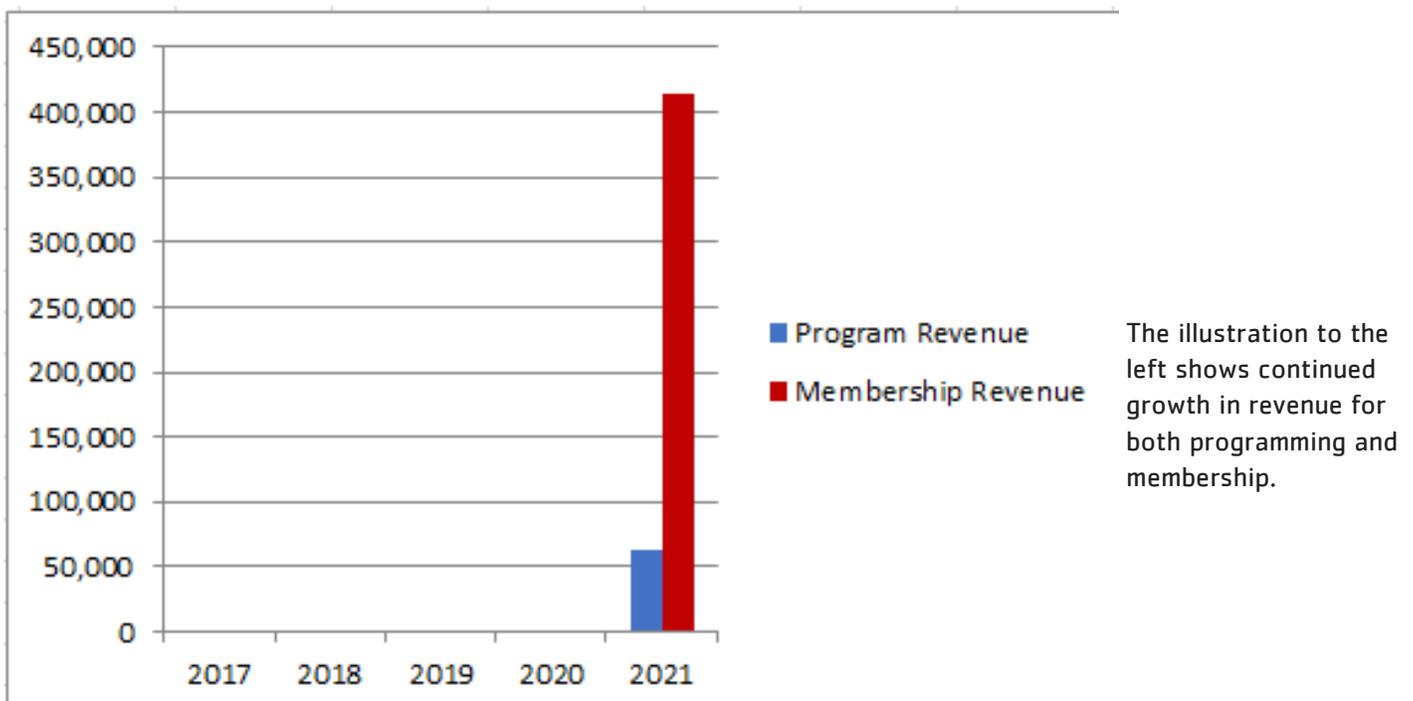

SHELBY COUNTY YMCA

The Shelby County YMCA, in partnership with Major Health Partners (MHP), officially joined the YMCA movement and the Decatur Family Y Association on July 26, 2021, forming the Decatur Shelby County YMCA Association. Upon opening our doors, this family-centered YMCA has only continued to grow. By following our mission, "To put Christian principles into practice through programs that build a healthy spirit, mind and body for all," we hope to take part in the growth and development of our Shelby County families.

When entering our 53,000 square foot state-of-the-art facility, one will find that there is something for everyone. Whether it is quiet time in our chapel, an adult basketball league, preschool swim lessons, family fitness classes or evening cycling, we have it all. Within 5 months of opening the membership quickly grew to 4,276 individuals. It was during this time that a variety of new programs for all ages were introduced.

Over 161 children took part in our swim lessons and an average of 236 were involved in a variety of youth sport programs! Adults also welcomed the abundance of adult leagues and additional programming that included: Pickleball, Basketball, Volleyball, Personal Training, Karate, Silver Sneakers, Indoor Triathlon competitions, Holiday Weigh-Ins, ESL classes and more! For members not registered for programs, they were taking advantage of the 260-group exercise, aquatics and AOA classes offered each month. 65 different classes each week! With family connection taking top priority, we successfully incorporated numerous activities and events for all! These events consisted of Donuts with Santa, Tie Dye Night, Family Swim, Halloween Candy Swim, Kids Night Outs, Aquatic's Build A Snowman, Stem Night, Cooking class and more!

We are not just a gym or a pool or a group exercise studio, but we have become another home for the residents of Shelby County. It has become the place to reconnect with your child whether you are playing ball, grabbing a snack at the cafe, or enjoying a family night event. At the Shelby County YMCA, we are excited to welcome all and change lives for years to come!

SHELBY COUNTY YMCA

Member Testimonials:

My name is Mike Garrison. I have been a member of the Shelbyville YMCA since July 26, 2021, the day it opened. The thing that impressed me right away was the camaraderie among the YMCA staff. Everyone was friendly and eager to answer any questions. The staff always made you feel welcome and special. The facility is simply amazing with the walking/running track and all the fantastic new fitness & exercise equipment. I had been an outdoors walker for 20 years. I had never been to a gym or fitness center in my life. This was a new experience for me. Now, nearly 8 months later I am using about 18 different types of fitness machines, equipment and walking everyday on the YMCA track. The YMCA staff and members are the outstanding feature of the YMCA facility. All of the people regardless of age interact in a positive and friendly manner. I have enjoyed meeting a lot of new people & their families.

Michael Garrison: *Joined 7/6/21*

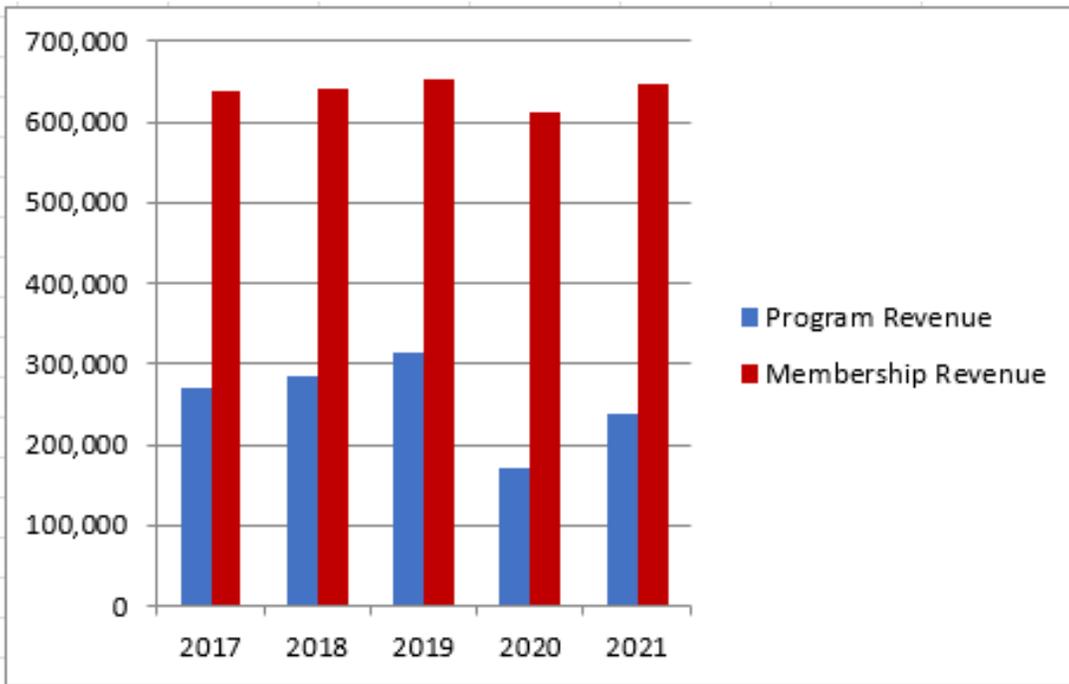

The Shelby County YMCA has been such a wonderful addition to our community. Personally, I have been able to focus on strength training with exceptional equipment in a supportive, welcoming environment. Aside from making improvements in my physical health, the friendships and connections I have made with others in the community have been just as beneficial to my mental health. Being able to get a great workout in while developing friendships with people I may have never crossed paths with, has been extremely meaningful. The YMCA youth programs have given my children opportunities to try new sports, attend special events like the Daddy Daughter night, and meet other children in the child watch. We look forward to signing up for upcoming sports, family, and camp activities. Our family is so grateful to have the YMCA as a place to spend time together, stay active, and make new connections in our community!

O'Connor family: *Joined 7/20/21*

The growth seen in 2021 is due to the addition of the Shelby County branch

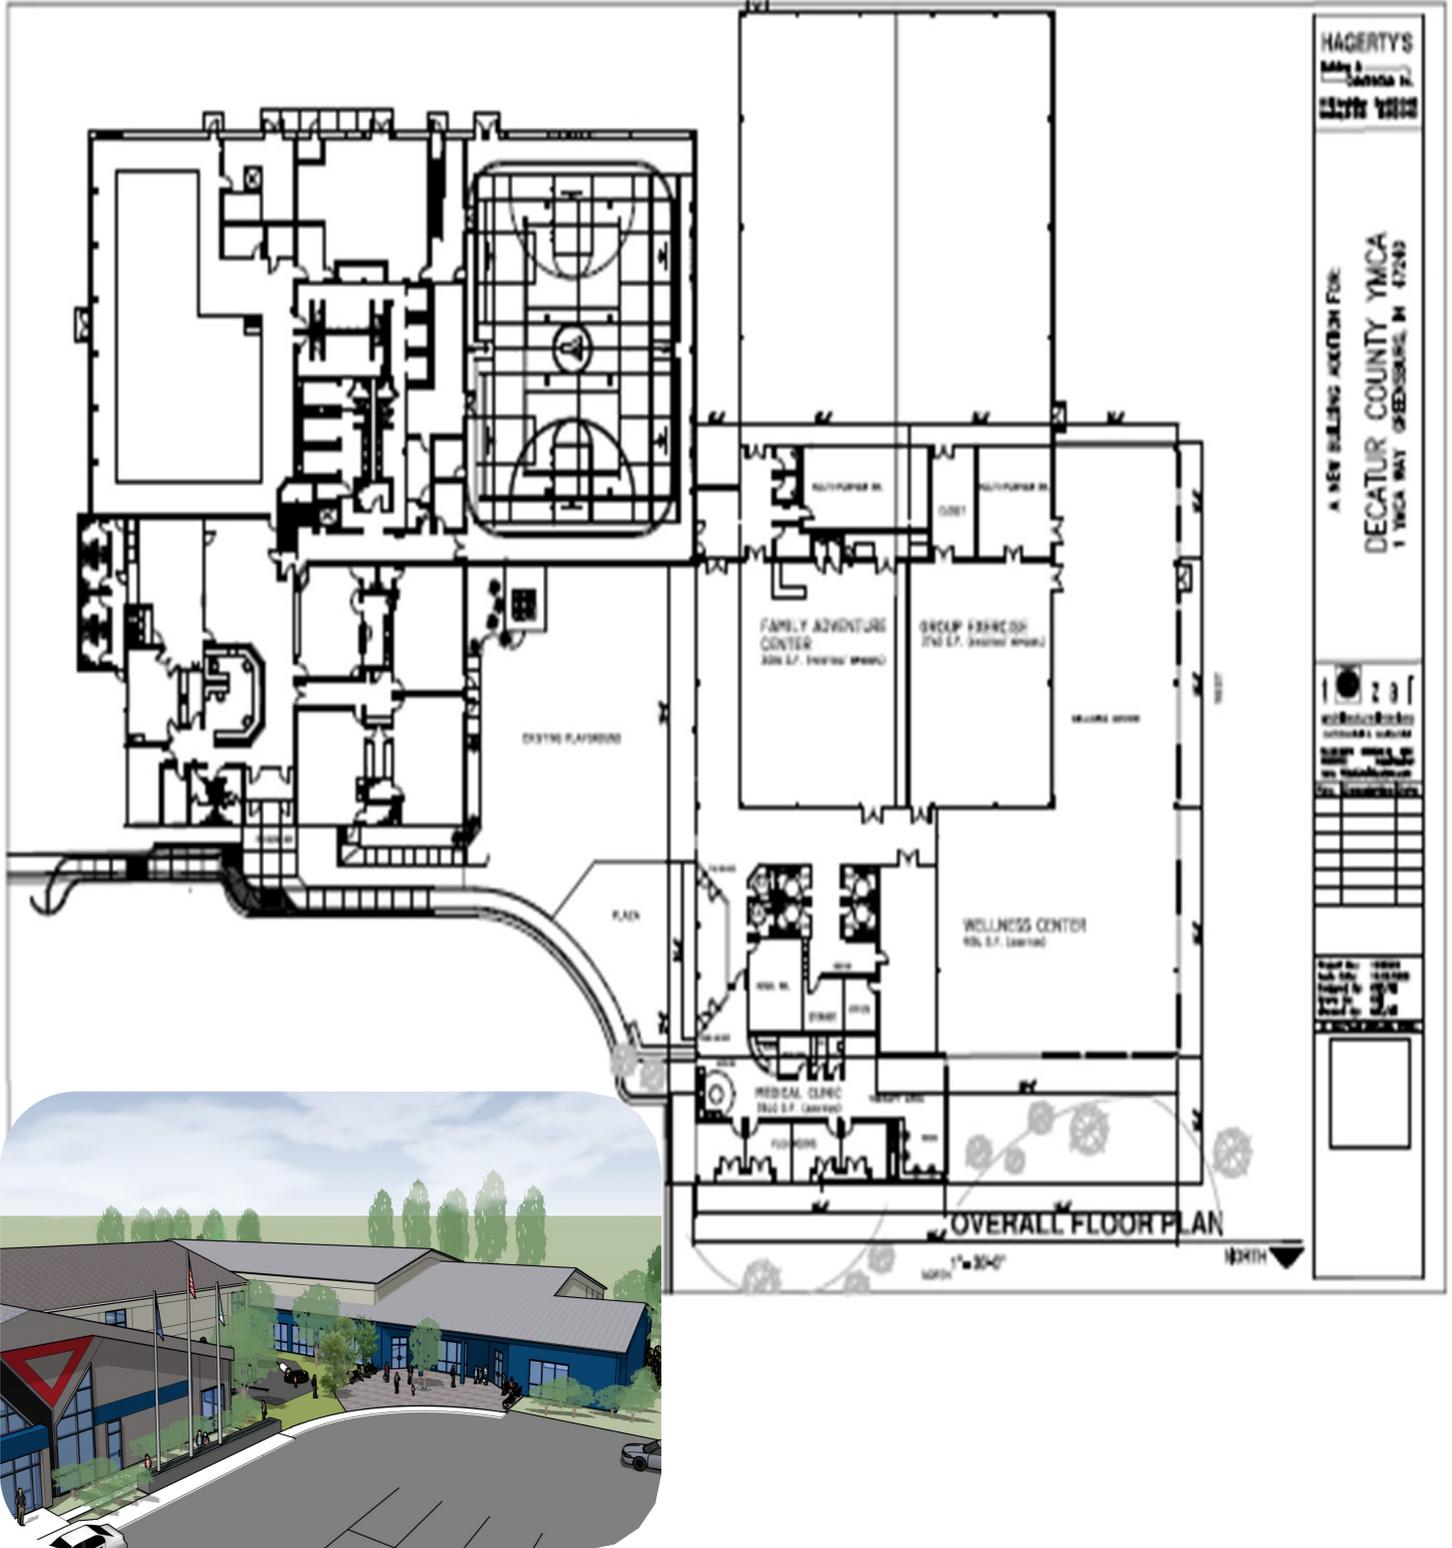

CAPITAL CAMPAIGN

The Decatur County Family YMCA's Capital Campaign finished 2021 on a high note, meeting our \$3.5 million campaign goal! The facility addition and improvements are moving right along with an anticipated opening of June 2022. The new Family Changing Locker Rooms were finished at the end of January 2022 and opened for use the middle of February. The official ribbon cutting occurred on Tuesday, March 29, 2022. The Family Adventure Center (Indoor Playground) will be installed around May 1, 2022 and will actually include two different sections in it. One section will be for preschool-aged children and the other section will be for school-aged children. Please see the architect drawing below to see the two different areas. We will be moving into the new, expanded Wellness Center at the end of April 2022. The Decatur County Memorial Hospital's 3000 square foot of dedicated space for education, wellness, and post-rehabilitation programs is also coming along nicely and we look forward to welcoming them in their new space in the near future. Even though our \$3.5 million, goal has been met, we are still taking donations to help with the purchase of additional indoor playground equipment, pave our gravel parking lot, and to bolster our endowment to further ensure the long-term sustainability of the Decatur County Family YMCA facilities and programs. Please check out more information relating to our Capital Campaign on our website, www.decalurcountyfamilyymca.org, under the Capital Campaign tab.

VOLUNTEERS

Not everyone can make a financial contribution. We are always in need of volunteers to assist us in the classrooms, swim with our youngest students, help run a major event and more! If you are in the position to assist us in any area, please contact us!
