SUMMER DAY CAMP

Summer Camp Registration Opens March 1st

Our Summer Camp program begins the Tuesday after Memorial Day and goes all the way up until school starts. We do a variety of activities each week including arts and crafts, STEM experiments, group building exercises, SEL activities, rec/PE, swimming, field trips, special speakers, and much, much more! We try to get the kiddos involved in the community by visiting local nursing homes, volunteering at the local animal shelter, and having members of the community come in to do activities with the kids. We ask that each day children bring/wear: socks and closed toed shoes, a change of clothes, a water bottle, and a sack lunch. A backpack is advised as children will bring home crafts and other projects. We do ask that children leave toys, trading cards, electronics, etc. at home.

This summer is packed full of fun! Some things the kids will experience will be visiting the Atterbury-Bakalar Air Museum and Columbus Municipal Airport in Columbus, Indiana to learn more about aviation, strengthening their swim skills through weekly swim sessions, learning about our emotions and how to handle them through the Second Step: Out-of-School-Time curriculum brought to us in part by Centerstone, learning about the science of magic with magician Don Miller, and much, much more!

*Please note: if your child is enrolled in both Summer and Specialty Camps, they may miss a Summer Camp field trip or activity as they will be involved in the specialty camp activities.
